ARTICLE I – INTRODUCTORY PROVISIONS

SECTION 1 – RECOGNITION AND COVERAGE

1.1 Exclusive Representation: The Central Contra Costa Sanitary District Employees' Association, Public Employees Union, Local #1, an affiliate of the American Federation of State, County and Municipal Employees (AFSCME), AFL-CIO hereafter known as the Union, is the formally recognized exclusive employee representative for all General employees. The Union shall represent all regular and permanent-intermittent General employees.

SECTION 2 – MANAGEMENT AND UNION RIGHTS

2.1 Union Rights: The Union is the exclusive recognized representative of all employees of the District except Management, Management Support/Confidential and temporary employees.

It is also recognized that the District and duly appointed representatives of the Union will meet and confer in good faith. The District, or any agent thereof, agrees that there will be no interference, restraint, or coercion against the Union or against any employee because of Union membership or Union activity.

Information Request: Within thirty (30) days of ratification of a new Memorandum of Understanding, the District will distribute a memorandum to all bargaining unit employees asking for written authorization to release their current addresses and telephone numbers to the Union. Upon the Union's written request, the District will provide this information to the Union for any employee who has given his or her authorization to do so. The District only shall be required to release this information the Union twice per calendar year.

The Union shall have the right and opportunity to hold an orientation session with all newly hired employees. This orientation session shall be for the purpose of explaining the new employee's contractual rights and introducing him/her to the Union. The orientation will be held within fifteen days of the employee's hire date and shall be during working hours at a time agreed to by the employee's immediate supervisor, not to exceed thirty (30) minutes in duration.

2.2 District Rights: The rights of the District include, but are not limited to, the exclusive right to determine the missions of its constituent departments and divisions; set standards of services; determine the procedures and standards of selection for employment and promotion; direct, classify, and assign its employees; take disciplinary action; relieve its employees from duty because of lack of work or for other legitimate reasons; maintain the efficiency of District operations, including, but not limited to the contracting or subcontracting of production, service, maintenance, or other type of work performed by the District; determine the methods, means, and personnel by which District operations are to be conducted; determine the content of job classifications; take all necessary actions to carry out its mission in emergencies; and exercise complete control and discretion over its organization and the technology of performing its work; provided; however, that the exercise of such District rights shall not conflict with the express provisions of this Memorandum.

2.3 Title IV of District Code: The District will meet and confer with the Union over any changes to Title IV of the District Code.

SECTION 3 – NONDISCRIMINATION

3.1 Nondiscrimination: There will be no discrimination by the Union or the District or any agent of either of them because of race, religion, color, national origin, ancestry, marital status, age, gender, sexual orientation, physical or mental disability, or medical condition, consistent with applicable state and federal law.

3.2 Compliance with the Americans with Disabilities Act (ADA): The Union and the District agree to comply with all provisions of the Americans with Disabilities Act including reasonable accommodations for individuals protected under the Act. The District shall meet and confer with the Union prior to any accommodation which might require an exemption from the Memorandum of Understanding. Any accommodation provided to an individual protected by the ADA shall not establish a past practice, nor shall it be cited as evidence of a past practice in the grievance procedure.

3.3 Lactation Accommodation: If an employee desires to express breast milk for her infant child, the District will make reasonable efforts to provide the employee with the use of a room or other location, other than a toilet stall, for the employee to express milk in private.

ARTICLE II – SALARY PROVISIONS

SECTION 1 – SALARY

1.1 Merit Increases: Employees normally receive a salary range increase upon satisfactory completion of their probationary period and a merit increase of one salary step every twelve (12) months from the date they achieve permanent status until they reach the top of their range. This merit increase shall only be withheld based upon a below average overall evaluation rating as noted in an Employee Performance Appraisal form. During the term of this Memorandum of Understanding (M.O.U.), the District shall use the Employee Performance Appraisal Form. When an employee receives notification that he/she will be given a performance evaluation, the employee may request a delay of up to three days between the time of the notification and the time of the performance evaluation meeting to prepare for the meeting.

1.2 Certification: Employees may be required to successfully complete certification requirements prior to receiving their salary increases, where required by law or job classification in their currently held position.

1.3 Paycheck Distribution: Employees shall be paid based on a biweekly pay period. The District shall distribute paychecks every other Friday. However, if the employee so elects, distribution may take place at the employee's written request by direct deposit to any financial institution accepting electronic transfer from the Federal Reserve Bank.

1.4 General Increases: Effective April 18, 2022, April 18, 2023, April 18, 2024, April 18, 2025, and April 18, 2026, employees' wages shall be adjusted by the change in the Consumer Price Index (CPI) for all Urban Consumers (San Francisco/Oakland/San Jose) during the most recently completed February to February time period prior to the applicable April. Effective April 18, 2022, if the applicable CPI is less than 2%, then the salary increase will be 2%. If the applicable CPI is greater than 5%, then the salary increase will be 5%. Effective April 18, 2023, April 18, 2024, April 18, 2025, and April 18, 2026, if the applicable CPI is less than 2%, then the salary increase will be 2%. If the applicable CPI is greater than 3.75%, then the salary increase will be 3.75%.

1.5 Out-Of-Class Pay: Employees assigned to work in a higher classification in the absence of their supervisor shall receive a minimum of one salary step after one continuous week in the higher classification. When a supervisor is absent for one or more continuous weeks and where more than one employee is assigned the supervisor's responsibilities at different times during the absence which may be less than one week per employee, then those employees shall receive a minimum of one salary step for the actual hours worked in the higher classification.

1.6 Terminal Compensation: A mandatory portion of the employee's terminal compensation shall be contributed by the District to the 401(a) plan at termination, retirement, or resignation as follows:

- If terminal compensation is more than \$10,000, 50%;
- If terminal compensation is between \$5,000 and \$10,000, 25%;
- If terminal compensation is less than \$5,000, 0%.

In no case will the total 401(a) contribution be in excess of Internal Revenue Code mandated limits in force at the time of retirement.

Any outstanding Vacation, Sick Leave, and/or Earned Overtime due the employee at the time of termination, retirement, or resignation will be calculated and issued to the employee with the final paycheck.

1.7 Bilingual Pay: Employees whose bilingual skills provide the District a benefit in providing District services shall be designated by the Department Director and approved by Human Resources to receive a bilingual allowance. An employee designated for a bilingual allowance shall receive an additional \$37.50 per pay period. The allowance will only be paid when the employee is in an active pay status and not on a leave of absence without pay.

SECTION 2 – LONGEVITY COMPENSATION

2.1 Longevity Pay: A two and one-half (2.5%) percent career service pay increase will be granted to employees after ten (10) years of continuous employment with the District.

An additional two and one-half percent (2.5%) career service pay increase (for a total of 5%) will be granted to employees after twenty (20) years of continuous employment with the District.

SECTION 3 – SHIFT DIFFERENTIALS

3.1 Work Week: The normal work week for full-time, non-shift employees is eight (8) hours per day. Although most employees are scheduled to work Monday through Friday, some services and operations are currently scheduled on a 24-hour basis, seven days a week.

3.2 Night Shift Differential: Night Shift Differential applies only to employees who are regularly scheduled to work night shift. The rate of pay for the Night Shift Differential is determined by increasing the basic hourly salary for the job by seven and one-half (7.5%) percent.

3.3 Swing Shift Differential: Swing Shift Differential applies only to employees who are regularly scheduled to work Swing Shift. The rate of pay for the Swing Shift Differential is determined by increasing the basic hourly salary for the job by five (5%) percent.

3.4 Relief Operator Differential: Relief Operator Differential applies only to employees who are regularly scheduled to work the position of Relief Operator. The rate of pay for the Relief Operator Differential is determined by increasing the basic hourly salary for the job by seven and one-half (7.5%) percent.

SECTION 4 – OVERTIME

4.1 Rate: Employees covered by this Memorandum of Understanding who work more than their regularly scheduled days are compensated at time and one-half of the regular basic pay. All employees must receive supervisory approval before working any overtime.

4.2 Accumulation: Compensation for overtime work shall be paid at the next pay period, or the time and one-half hours may be accumulated as "Earned Overtime," to a maximum of forty (40) hours with an eighty (80) hour limit on Earned Overtime taken off per year. Exceptions to this limit for bona fide family emergencies shall be considered by the District on a case-by-case basis. When required to maintain the operations of the District, the District may require overtime.

Personnel in the Plant Operations Division who normally work a ten-day shift shall be granted an additional sixteen (16) hour limit on earned overtime taken off per calendar year.

4.3 Holiday Compensatory Time: An individual earns Holiday Compensatory Time when his/her regular day off falls on a holiday. Holiday Compensatory Time is recorded in the Accounting Office.

Holiday Compensatory Time is earned at the rate of straight time and the time off is given at the rate of straight time. Employees may accumulate a maximum of what can be earned in a one-year period (currently 104 hours). Those employees that have the maximum accrual of 104 hours in holiday comp will be automatically paid for any additional hours earned in excess of the maximum. If an employee terminates employment with the District before having used up his/her Holiday Compensatory Time, he/she shall be paid for it. Employees may cash-out Holiday Compensation at the time of separation or retirement but may not cash-out Holiday Compensation prior to separation or retirement.

SECTION 5 – STAND-BY AND CALL- OUT TIME

5.1 General: Employees are required to be on Stand-By in order to provide customer service after normal working hours or to be able to respond quickly to emergency situations. Employees will be assigned to Stand-By according to the procedures established in their Division.

Stand-By assignments take effect from the end of an employee's regular work schedule until the beginning of the next regular work schedule. Employees in a Stand-By status must be capable of being notified that the District has a need for customer/emergency service and of responding immediately. The District will make every effort to notify employees in advance of their Stand-By status; however, circumstances may arise where advance notice is not possible.

5.2 Stand-By Pay: Employees, other than Pumping Stations Operators and designated IT staff, on Stand-By will be paid at the rate of one (1) hour of overtime pay for each weekday and three (3) hours of overtime pay for each weekend day or paid District holiday. Pumping Stations Operators and IT staff who have the ability to remotely resolve issues will be paid at the rate of one (1) hour of overtime pay for each weekday and four and one-half (4.5) hours of overtime pay for each weekend day or paid District holiday. (Overtime pay is calculated at one and one-half times the basic rate of pay.)

Stand-By pay is intended to compensate employees for inconvenience, disruption of their personal life, and for reasonable time spent solving customer service/emergency problems that are amenable to resolution from a remote location.

5.3 Call-Out Period: The Call-Out period begins at the time the employee starts his/her travel to the work site and ends thirty (30) minutes after the employee departs from the work site. The thirty-minute (30) period each way is an allowance for travel.

5.4 Call-Out Pay: Employees who are called out will be compensated with a minimum of three (3) hours at the overtime rate which includes travel time. If the Call-Out requires over three (3) hours, then the employee shall receive overtime pay for the actual duration of the Call-Out.

5.5 Consecutive Call-Outs: Any Call-Out received by the employee prior to the end of their current Call-Out period is a consecutive Call-Out. Consecutive Call-Outs will be a continuation in hours worked and will be included in the initial Call-Out period.

5.6 Conversion of Stand-By Pay: Stand-By pay will be paid at the overtime rate. Employees may elect to have their Stand-By pay credited as Earned Time Off. Limits to the accumulation and use of earned time off as specified elsewhere in this M.O.U. apply.

SECTION 6 – CLASSIFICATION REQUIRING CERTIFICATION, REGISTRATION, OR LICENSE

6.1 General: An employee shall be granted paid release time to take job classification required certification, registration, and/or licensing tests only if administered during the employee's regularly scheduled work hours. To be eligible, it must be a requirement of the employee's current job classification or be within the same job classification series as defined in Section 9.2

6.2 Class A/Class B Driver's License: The District shall pay the difference in cost between Class C Driver's License and Class A/B Driver's License for an employee who must renew or obtain his/her Class A/B California Driver's License. The District shall provide a vehicle to take the examination for the Class A or B License.

Employees who are required and assigned by the District to hold a Class A or Class B commercial driver's license will receive \$42.50 per pay period. It will be paid only for time when the employee is in active

status and not on leave of absence. The \$42.50 will be prorated and the employee will not be paid for any time in which the employee is unable to drive a District vehicle that requires a Class A or Class B commercial driver's license, such as when the license has been revoked, suspended, restricted, the employee is on leave of absence, etc.

6.3 Crane and Boom Truck Assignment Pay: Employees who are assigned Crane and Boom Truck duties and who are required to obtain and maintain the proper certification to operate this equipment shall receive an additional \$42.50 per pay period. It will be paid only for time when the employee is in an active status and not on a leave of absence. The \$42.50 will not be paid for any time in which the employee is unable to operate District equipment, such as when the certification has not been renewed or has been revoked.

Employees who maintain both a Class A or B license and Crane and Boom Truck Certification may receive no more than a total of \$42.50 per pay period.

ARTICLE III – MISCELLANEOUS PROVISIONS

SECTION 1 – UNION MEMBERSHIP AND DUES CHECKOFF

1.1. Local One shall have the sole and exclusive right to have membership dues, initiation, and/or assessment fees voted by its membership deducted for employees in the bargaining unit by the District. Authorized deductions shall be revocable in accordance with the lawful terms under which an employee voluntarily authorized said deductions.

1.2. Union Security.

- A. The Union is responsible for all decisions to change, and cancel contributions from represented employees' pay, and for all matters regarding an employee's revocation of an authorization. The District will not cancel or change deductions until receipt of a written authorization of such from the Union. "Contributions" as used in this section means Union membership dues, initiation fees, political action funds, other contributions, and any special membership assessments, as established and as may be changed from time to time by the Union. The District shall direct all employee requests to change or cancel contributions, or to revoke an authorization for contributions, to the Union. The District shall not seek to resolve disputes between the Union and represented employees about Union membership, the amount of contributions, or revoking authorizations for contributions. The District or its managers shall not provide advice to employees about those matters, and shall direct employees with questions or concerns about those matters to the Union. The parties agree that the District has no role, responsibility, or decision making authority over the terms of Union membership, including revocation of such membership, or over revocation of an employee's authorization for deductions of contributions, except to cancel deductions upon written notice from the Union.
- B. The District will make available to the Union upon request a list or database that includes the following information for each represented employee: name; classification; department; work location; work, home, and personal cellular telephone number; personal email address if on file with the District; home address; and any contribution amount deducted. The Union shall submit any request to change or cancel deductions of contributions from represented employees' pay. Except as otherwise provided in

this section, the District shall continue to deduct and remit contributions until it receives notice to change or cancel deductions from the Union, or it receives an order from a court or administrative body directing the District to change or cancel the deductions for one or more employees.

- C. Contributions withheld by the District shall be transmitted to the officer designated in writing by the Union as the person authorized to receive such funds at the address specified.
- D. The Union shall indemnify, hold harmless, and defend the District against any claim, including but not limited to any civil or administrative action, and any expense and liability of any kind, including but not limited to reasonable attorney's fees, legal costs, settlements, or judgments, arising from or related to the District's compliance with this Section.
- E. The member employee's earnings must be regularly sufficient after legal and required deductions are made, to cover the amounts of the contributions authorized. In the case of a member employee who is in a non-pay status during only part of the pay period and whose salary is not sufficient to cover the whole withholding, no contribution deductions shall be made. In this connection, all other legal and required deductions have priority over contributions.

SECTION 2 – GRIEVANCE PROCEDURE

2.1 General: It shall be the policy of the District and the Union to develop and practice reasonable and effective means of resolving difficulties which may arise among employees, to reduce potential problems, and to establish channels of communication.

2.2 Self Representation: The grievant may elect, in writing, to represent himself/herself rather than have the Union provide representation. If the grievant elects to represent himself/herself at this step, or at any later step, the Union shall be relieved of any further obligation of representation and shall be relieved of any obligation to share in any further expense of the grievance procedure. No resolution shall be inconsistent with the terms of this Agreement.

2.3 Matters Subject to Grievance: Any complaint an employee has concerning the interpretation or application of rules, regulations, policies, or procedures governing personnel practices, working

conditions, wages, hours, and other terms and conditions of employment.

2.4 Matters Not Subject to Grievance: (1) The District policies, rules, and regulations as such; (2) A rating as given in an Employee Performance Appraisal; (3) Disciplinary and Termination Actions as outlined in Section 3; and (4) Use of Birthday Leave.

2.5 Procedure:

Step One

The grievant shall, within fifteen (15) working days from when the employee knew or should have known of the occurrence, present and discuss any difference or grievance with his/her immediate supervisor. Both the grievant and his/her supervisor shall make a bona fide effort to amicably settle such differences. The supervisor shall respond within fifteen (15) working days after the final meeting with the grievant. If, after this response, the grievant does not believe the problem has been satisfactorily resolved, then the grievant shall have the right to proceed to Step Two of this procedure within five (5) working days after receipt of the supervisor's written response.

Step Two

In the event such differences are not settled and the grievant desires the grievance to be considered further, it shall be presented, in writing, within five (5) working days by the employee involved, and/or his/her representative(s) to the grievant's Department Director. The written grievance shall set forth (a) the MOU section, rule, regulation, policy or procedure allegedly violated, (b) a brief summary of how it was allegedly violated and (c) the requested remedy. A meeting shall be arranged by the Department Director or his/her designated representative within five (5) working days of receipt of the written grievance. The grievance shall be discussed with the grievant and pertinent facts brought to light. The Department Director or his/her designated representative shall respond, in writing, within fifteen (15) working days after the final meeting rendering the decision.

Failure of the grievant to take further action within five (5) working days after receipt of the decision will constitute withdrawal of the grievance.

Step Three

In the event such differences are not settled at Step Two and the grievant desires the grievance to be considered further, it shall be

presented, in writing, within ten (10) working days to the General Manager or his/her designated representative who will discuss the grievance with the grievant, his representative or representatives, and with other appropriate persons within ten (10) working days of receipt of the grievance. The General Manager may designate a person not in the grievant's normal line of supervision to advise him/her concerning the grievance. A record may be maintained of information presented. The General Manager shall render a decision, in writing, to the grievant within twenty (20) working days after hearing the grievance.

Failure of the grievant to take further action within five (5) working days after receipt of the General Manager's decision will constitute withdrawal of the grievance.

Step Four

In the event such differences are not settled and the grievant desires the grievance to be considered further, it shall be presented, in writing, to the Secretary of the District within five (5) working days of receipt of the General Manager's decision. The Secretary shall calendar the agenda item at the next regularly scheduled Board Meeting in keeping with established guidelines for calendaring an agenda item.

The Board shall employ a neutral third party to hear the matter and recommend action to the Board. The District and the Union shall equally share the cost. If the parties cannot agree on a neutral third party, then a list of five (5) neutral individuals shall be requested from the State Conciliation Service and the parties shall use the alternate elimination method to determine who shall conduct the hearing. The Board may adopt, reject, or modify the recommendation of the appointed neutral third party. The decision of the Board is the final action of the District.

2.6 Miscellaneous Provisions: No grievant shall, at any stage of the grievance procedure, be required to meet regarding the grievance with any supervisor or manager without organizational representation, nor shall any supervisor or manager be required to meet with the grievant regarding the grievance without benefit of counsel or representation. No waiver of time lines must be granted either party due to the lack of available counsel.

In certain grievances, the first and/or second steps may be deleted if the grievance arises out of an action by an authority above the level of the grievant's supervisor. However, such grievances will begin at a level no higher than Step 3 of this grievance procedure.

Failure at any step of this procedure to communicate the decision on a grievance within the specified time limits shall permit the lodging of an appeal at the next step of the procedure within the time allotted, had the decisions been given. Failure to appeal a decision within the specified time limits shall be deemed a withdrawal of the grievance.

The time limits specified in this procedure may be extended, in any specific instance, by mutual agreement, in writing.

2.7 Group Grievances: If the grievance involves employees with different immediate supervisors, the grievance may be filed at the appropriate step of the grievance procedure. However, such grievance will begin no higher than Step 3 of this grievance procedure.

2.8 Employee-Processed Grievance: An employee covered by this Agreement may present a grievance directly and have such grievance adjusted without intervention of the Union as long as the adjustment is not inconsistent with the terms of this Agreement.

An employee shall have the right to revoke such authorization at any time by giving written notice to the District and the Union. The District's obligation to make deductions shall terminate automatically upon receipt of revocation of authorization or upon termination of employment or transfer to a job classification outside the bargaining unit.

All People contributions shall be made as a deduction separate from the dues and Fair Share Fee deductions.

ARTICLE IV – BENEFIT PROVISIONS

SECTION 1 – EMPLOYEE BENEFITS

1.1 Health Plans: Current regular or probationary employees hired by the District shall be provided with health care options through CalPERS.

“Core Plans” –. The District agrees to pay the full monthly premium cost of the Kaiser Permanente or Health Net SmartCare plan (the "Core Plans" for active employees).

The District will pay the CalPERS minimum required contribution amount toward the employee's health care coverage directly to CalPERS in accordance with CalPERS requirements. The District will make a contribution for the remaining amount (that portion of the District's contribution that exceeds the CalPERS minimum required contribution) to the District's Code Section 125 cafeteria plan for employees to allocate toward the cost of their health care benefits. If an employee selects any other plan that is offered by CalPERS that exceeds the cost of either of the Core Plans, the employee must pay the difference in premiums between the highest cost Core Plan and the plan he or she selects. If the selected plan is less than either of the core plans, employees shall not be reimbursed the difference.

If CalPERS no longer offers the Core Plans that the District has designated above, the parties agree to meet and confer to determine which plans will be designated as Core Plans.

Vision Coverage: District shall provide fully paid vision benefits for all employees and qualified eligible dependents.

1.2 Dual Health Coverage: Those employees having dual coverage under a health insurance program may withdraw from the District's health insurance coverage and, in lieu of such coverage, and effective the first full pay period following Board approval of this MOU will receive a District contribution to the Section 401(a) plan in the amount of \$400.00. Continuation of this program is subject to health plan carrier acceptance.

1.3 Benefits: The parties agree that in the event that federal health care reform legislation becomes effective during the term of this Agreement which calls for health and other benefits different, or under

different terms than those provided for in the Agreement, they will immediately meet and confer for appropriate modifications.

1.4 Retiree Health and Welfare Benefits:

1.4.1 Continuance of Benefit Plan: The District shall have a program which provides a continued degree of responsibility to the employee upon retirement and to the dependents of a deceased employee.

Employees are eligible for retiree medical benefits through CalPERS provided that they retire from the District within 120 days of separation from the District and begin receiving a retirement allowance from the Contra Costa County Employee's Retirement Association.

For employees who do not meet the eligibility requirements as outlined in Tier II Retiree Health benefits and Tier III Retiree Health Benefits, the District will only pay the minimum employer contribution that CalPERS requires toward medical coverage upon retirement from the District. The District will pay the CalPERS minimum required contribution amount toward a retiree's health care coverage directly to CalPERS in accordance with CalPERS requirements.

For those employees that are eligible for Tier II or Tier III Retiree Health Benefits, the District will pay the CalPERS minimum required contribution amount toward the employee's health care coverage directly to CalPERS in accordance with CalPERS requirements. The District will contribute any amount that exceeds the CalPERS minimum required contribution, in accordance with the employees' Tier, to a retiree-only Health Reimbursement Account.

Tier II Retiree Health Benefits: Employees hired after May 1, 1985 will be covered by medical, dental, vision and reduced life insurance plans (\$10,000). The District will pay more than the minimum employer contribution that CalPERS requires, if the employees meets the "Rule of 65". The Rule of 65 requires that an employee's age plus years of service with the District at the time of retirement total 65 with a minimum age of 50 and minimum of ten years of continuous service.

If an employee meets the Rule of 65, the District shall pay the full monthly premium cost of the Kaiser Permanente or Health Net SmartCare plan (the "Core Plans" for active employees) until they and their eligible dependents reach the age of 65.

At age 65, the District will pay 50% of the retiree's chosen Core Plan

premium, or the minimum employer contribution that CalPERS requires, whichever is greater. The District will also pay 50% of the cost of the retiree's dental and vision coverage. Eligible employees' qualified dependents (as defined by the plan provider) who were covered as dependents at the time of retirement also shall be covered by medical, vision and dental plans with the exception that the District will only pay for the full cost of an eligible dependent's medical, vision and dental plan premiums until the eligible dependent's 65th birthday. At age 65, the District will pay 50% of a retiree's eligible dependent's core medical, vision and dental premiums.

Tier III Retiree Health Benefits: Employees hired after June 30, 2009 will be covered by medical, dental, and vision plans. The District will pay more than the minimum employer contribution that CalPERS requires toward the cost of the retiree's coverage, if the employee meets the "Rule of 70". The Rule of 70 requires that an employee's age plus years of service with the District at the time of retirement total 70 with a minimum age of 55 and minimum of ten years of continuous service.

If an employee meets the Rule of 70, the District will pay 50% of the monthly premium cost of the retiree's chosen Core Plan, or the minimum employer contribution that CalPERS requires, whichever is greater and 50% of their vision premium. The District will also pay 50% of the core medical plan premium and vision premium for the retiree's spouse or domestic partner. The District will not pay for any coverage for other dependents of the retiree.

The District will pay 100% of the premium cost for dental for the retiree and spouse or domestic partner until they each reach the age of 65. At age 65, the District will pay 50% of the cost for dental coverage for the retiree and the spouse or domestic partner. Eligible employees' qualified dependents (as defined by the plan provider) other than the employee's spouse or domestic partner who were covered as dependents at the time of retirement also shall be covered by medical, vision and dental plans with the exception that the employee shall pay for the full cost of an eligible dependent's medical and vision coverage and the District shall only pay the full cost of dental. At age 65, eligible dependents (spouse or domestic partner) shall pay the District 50% of the cost to the District for dental coverage. For Tier III employees hired on or after April 18, 2013, the District will pay 50% of the premium cost for dental coverage for the retiree and spouse or domestic partner upon retirement. Tier III retirees and dependents are ineligible for life insurance.

"Core Plans" for those retirees under the age of 65 are Kaiser Permanente and Health Net SmartCare. For those retirees age 65 and older, the Core Plans are Kaiser Senior Advantage and United Healthcare. If a retiree selects any other plan offered by CalPERS that exceeds the cost of any of the Core Plans, the retiree must reimburse the District the difference in premiums between the highest cost Core Plan and the plan he or she selects.

Miscellaneous: At the time of an eligible employee's retirement, all qualified dependents (as defined by the plan provider) who already were dependents at the time of retirement, shall continue to be covered by the District's medical and dental plans in accordance with the Tier II and Tier III benefits as stated above. The District shall have no obligation to pay for coverage for more than two-party (retiree plus one) coverage for any new and different dependent added after the date of retirement age (50 years).

Medicare: The medical coverage for retirees and their eligible dependents will be integrated with Medicare (Tier II and Tier III) at age 65. For Tier II retirees, upon submission of evidence of payment to Medicare, the District will reimburse the retiree and/or dependent for the cost of the Medicare (Part A and/or B) premiums. However, the District will not be responsible for any penalties or increased costs in the Medicare premium should the employee and/or eligible dependent not enroll in Medicare during the enrollment period surrounding his/her 65th birthday. For Tier III, the District will not reimburse any Medicare premiums.

The District will make a contribution to a Health Reimbursement Account (HRA) equal to the cost of the Medicare reimbursement based on the eligible Tier.

Survivor Benefits: Qualified dependents of a deceased employee/retiree will be eligible for the continuance of health and dental benefits at the same level as the retiree unless the dependents are no longer eligible under District or CalPERS rules, regulations or policies.

Health Reimbursement Account: For all active Tier III employees, effective upon the transition to the CalPERS health, the District shall contribute 1.5% of base salary to a Health Reimbursement Account (HRA) to be utilized by employees to pay for eligible medical expenses post-retirement.

1.5 Retirement: The District shall provide a retirement program for all employees covered under this M.O.U. which shall be administered through the Contra Costa County Employees Retirement Association (CCCERA).

Employees are responsible for paying the full share of the normal costs associated with the employee share as calculated by CCCERA.

1.6 Dental Plan: The District shall provide a dental care program for all employees covered under this M.O.U.

1.7 Disability Plan: The District shall provide a disability program for all employees covered under this M.O.U.

1.8 Term Life Insurance Plan: The District shall provide a term life insurance policy equal to two times the employee's annual salary at Step E to a maximum of \$50,000 for all employees covered under this MOU.

1.9 Deferred Compensation: The District shall offer a Deferred Compensation Plan which affords employees the opportunity to defer receipt of a portion of their salary for savings purposes, thus taking advantage of deferring payment of income tax until withdrawal. To participate, the employee may defer up to the amount allowed by law. Employee participation in the Deferred Compensation plan is voluntary.

1.10 Registration Differential: The Central Contra Costa Sanitary District shall grant salary merit increases to regular employees who achieve registration or license as Professional Engineer, Land Surveyor, Certified Management Accountant, or Certified Public Accountant in a position not requiring such registration or license. Such merit increase shall be subject to the employee's demonstration of ability to assist in the accomplishment of District activities requiring a level of skills and importance normally expected from a person with such certification. The salary merit increase shall be in the amount of a one step increase of the employee's basic salary. Employees shall be responsible for producing the evidence of qualification for such merit increase to their respective supervisors for consideration under this policy. The Supervisor shall, upon receipt of the employee's evidence of qualifications, review such evidence and if found to be affirmative, give written recommendation for a merit increase to the Department Director.

Upon review and concurrence by the Department Director, the recommendation shall be forwarded to the General Manager for his approval. If approved by the General Manager, the matter shall be presented to the Board of Directors for consideration.

1.11 Employee Assistance Program (E.A.P.): The District will provide an Employee Assistance Program for all employees covered by this M.O.U.

1.12 401(a) Money Purchase Plan: In lieu of paying Social Security, the District will contribute to the 401(a) Money Purchase Plan an amount equal to that which would have been contributed to Social Security on behalf of employees. If, during the term of this Memorandum of Understanding, the District is required by law to participate in Social Security, the District will cease contributing to the 401(a) Money Purchase Plan and will meet and confer on the change.

1.13 Cafeteria Plan: The District's Cafeteria Plan shall be available to all employees covered by this Memorandum of Understanding. The District shall contribute \$100 per month for each employee. The employee may elect to take the full contribution in cash.

SECTION 2 – VACATION

2.1 General: All employees earn paid vacation time from the first month of employment. Accumulated vacation time may generally be used as desired, subject to the approval of the Department Director subject to two (2) weeks notice in advance. The schedule of vacation days and the maximum number of vacation days which may be accumulated and deferred is shown in the following tables.

Once vacation leave or earned compensatory time is granted by the District, the leave may only be denied under emergency situations as determined by the Department Director.

If leave or earned compensatory time is requested to take place within thirty (30) calendar days of the request, the District shall grant or deny the leave within five (5) working days.

2.2 Vacation Earnings:

Regular or probationary employees hired by the District after May 1, 1985, earn 6.67 hours of vacation per month worked 0-3 years; and ten (10) hours of vacation per month worked 3-5 years; plus additional allowance for longevity after five (5) years worked.

Years of Service	Annual Vacation Allowance	Maximum Number of Vacation Days Which Can be Accumulated and Deferred
0 - 3 Years	10 Days	20 Days
3 - 5 Years	15 Days	30 Days
5 - 10 Years	16 Days	32 Days
10 - 15 Years	17 Days	34 Days
15 - 20 Years	20 Days	40 Days
20 - 25 Years	25 Days	50 Days
25 & Over	30 Days	60 Days

2.3 Use of Vacation Accumulation: All employees shall be afforded one calendar year from the anniversary date to use such extra vacation days to or below the permitted maximum limits.

2.4 Accrual Credit: The extra days accrued due to service of over five (5) years are credited to each employee's account on his/her anniversary date. Employees are notified as they reach the maximum accrual limit.

2.5 Termination: If an employee leaves the District for any reason, he/she will be paid for any earned vacation time not used.

2.6 Payment of Accumulated Vacation Time:

An employee may request a payment of the cash equivalent of vacation accruals subject to the following:

- A. Employee must make an irrevocable election before the end of each calendar year to either (a) receive payment in the following calendar year of the cash equivalent of all or a portion of the vacation hours that will accrue during the following calendar year, or (b) to accrue those vacation hours as paid vacation during the following calendar year. Elections must be made every year and will not carry over from one calendar year to the next. If an employee fails to make an election, the employee will be deemed

to have irrevocably elected to accrue all of the vacation hours earned in the following calendar year as paid time off.

- B. The election must designate the number of vacation hours being requested for payment. The payment cannot exceed the value of the maximum vacation accruals based on the employee's years of service in the year of payment up to a maximum of one hundred sixty (160) hours. An employee may request cash payment of the value of vacation hours the employee elected to convert to cash compensation before the end of the previous calendar year at any time during the current calendar year; provided, however, that no cash payment for the value of vacation hours will be made unless and until the vacation hours have been earned and accrued as detailed in the above accrual schedule.
- C. Vacation hours an employee elects to convert to cash compensation in the following calendar year as described above will be converted to cash compensation based on the employee's hourly rate of pay in effect at the time of the payment request.
- D. Note the following exception to the above: payment of accumulated vacation time above the maximum annual accrual shall occur automatically on the anniversary date on which the time would be lost.

The above policies do not apply to termination of employment or retirement.

2.7 Integration of Volunteer Pay: District employees who are volunteer police or fire fighters shall be allowed to integrate vacation pay with police or fire fighter pay for the period of time they are called to serve in a civil or state emergency.

SECTION 3 – HOLIDAYS

3.1 Holiday Schedule: There are thirteen (13) paid holidays.

- New Year's Day
(January 1)
- Veterans Day
(November 11)
- Martin Luther King, Jr.'s Birthday
(Third Monday in January)

(July 4)

- Labor Day
(First Monday in September)

3.2 Weekend-Designated Holidays: If a designated holiday falls on a Saturday, the preceding work day not a holiday shall be deemed to be the holiday and if the holiday falls on a Sunday, the following work day not a holiday shall be deemed to be that holiday.

3.3 Holiday Compensation: All employees, with the exception of Temporary status employees, who are required or authorized to work on a holiday listed above, will be paid at the rate of time and one-half the normal regularly assigned basic pay rate in addition to the normal monthly pay except for New Year's Day, Thanksgiving Day, and Christmas which will be paid at a double-time rate in addition to the normal monthly pay.

Employees required to work on a Friday immediately preceding a holiday or Monday immediately following will receive pay at time and one-half the normal basic pay rate or receive time and one-half off at a later date.

Employees who are required or authorized to work on December 24 or December 31 shall be paid at the rate of time and one-half. Employees who are required or authorized to work on the District observed holiday for December 24 and December 31 shall be paid at the rate of time and one-half.

SECTION 4 – LEAVES

4.1 Sick Leave: Regular or probationary employees earn twelve (12) days sick leave per year. Sick leave is to be used only in case of real sickness, disability, medical or dental care for the employee, or up to ten (10) days annually may be used to attend to the health needs of an immediate family member. If all accumulated sick leave is used, earned vacation time may be used as sick leave in order to receive full regular pay.

4.2 Doctor's Release: If absence due to illness or injury exceeds five (5) working days, the District may, through the Human Resources Office, require a doctor's release upon the employee's return to work. However, the District may, after consultation with the employee and with advance written notice, require a doctor's release to return to work for any sick leave time taken. In cases where the District has cause to believe it would be in the employee's best interest, for reasons of health and safety, the District may require a Functional Capabilities Evaluation signed by the employee's treating physician or the District's Occupational Health Physician before the employee is allowed to resume full duties after an illness or injury. In the event the employee is not able to have the Functional Capabilities Evaluation form completed immediately, the District will accept a less complete release signed by a medical doctor for a period of five (5) days to allow for the return of the Functional Capabilities Evaluation form.

4.3 Notification: An employee must notify the immediate supervisor if calling in sick at the beginning of the employee's assigned work hours; if the immediate supervisor is unavailable, then the notification shall follow the chain of command.

4.4 Sick Leave Accumulation: Unused sick leave accumulates from one year to the next. There is no maximum limitation. The balance of unused accumulated sick leave is credited as longevity upon retirement.

4.5 Payment of Accumulated Sick Leave: The following schedule shall apply for any payment of accumulated sick leave:

Years of Service	Pay-off Credit at Termination	Pay-off Credit at Retirement
0 - 5 Years	0 Percent	0 Percent
5 - 10 Years	25 Percent	25 Percent
10 - 25 Years	25 Percent	35 Percent
25 and Over	25 Percent	40 Percent

Payment for accumulated sick leave will be made upon retirement or termination of employment only if the employee provides the District with a minimum two (2) weeks' notice.

Any cash out of sick leave accruals shall be deducted from an employee's sick leave accrual bank at time of retirement and only the remaining balance shall be reported to Contra Costa County Employees' Retirement Association (CCCERA) as retirement service credit.

The parties' intent in negotiating this provision in 2017 was to eliminate the employees' ability to cash-out a portion of their sick leave balance and also receive service credit for these same hours.

Current Internal Revenue Service (IRS) regulations regarding Cash or Deferred Arrangements (CODA) do not allow an employee the option to choose between a cash-out payment or apply all of their sick leave balances to service credit. The MOU language as drafted above is consistent with current IRS regulations to the extent individual employees are not provided a choice of how much sick leave would be subject to cash out.

However, the parties both believe that employees should have the ability to choose how to use their sick leave balances at the time of retirement, as long as it is consistent with IRS CODA requirements and CCCERA regulations and guidelines. Thus, should the IRS or CCCERA regulations or guidelines change to allow for this choice, the District agrees to meet and confer within 30 days of the changed law to discuss how to implement the potential change(s).

4.6 Work-Incurred Injuries: The District's policy for charging sick leave for work-incurred injuries or illness shall be as follows:

An employee requiring medical attention for a work-incurred injury or illness will not be required to charge the portion of time spent on the day of injury receiving medical care to his/her sick leave record. After the doctor has released the employee from his office, any additional time off on that day will be charged to the employee's sick leave account. Employees shall be allowed paid release time for work-related injury doctor and/or physical therapy appointments which shall include thirty (30) minutes of drive time, each way, to and from the appointment

The day the injury or illness occurred is considered to be the first day of the three-day waiting period required by State Compensation and the District Salary Continuance Plan.

4.7 Salary Continuance Plan: It shall be the general policy of the District to continue pay to an employee under the Salary Continuance Plan when an employee incurs a work-related injury or illness. This plan commences if the employee qualifies for temporary disability payments from Worker's Compensation for the disability and, if in the opinion of the District, the disability is work-related. If the injury or illness is determined legitimate, all of the employee's regular benefits will continue during the time this plan is in effect.

The salary continuance will be equivalent to seventy percent (70%) of gross compensation less any Worker's Compensation payments.

The maximum period for which this plan could be used by an employee will be six (6) months or until a stable level of disability is reached, whichever occurs first.

The Salary Continuance Plan will commence on the fourth day after the disabled employee leaves work as a result of the injury or illness after a three-day waiting period. However, if the injury or illness causes disability of more than fourteen (14) days or necessitates hospitalization, the Salary Continuance Plan will become effective from the first day the injured employee leaves work as a result of the injury or illness.

The employee may use vacation or sick leave accrual or earned overtime during this three-day waiting period.

4.8 Death in Family: In the event of a death in the immediate family of an employee, the employee may, after notifying his/her supervisor, be absent up to a maximum of ten (10) days and have the time off charged to his/her sick leave account. Accrued vacation time may be used if additional time is required. If the employee does not have sufficient vacation time or earned overtime available, he/she may use up to three days of leave without pay, with Department Director approval. For purposes of this section, "Immediate Family" consists of the following persons; mother, father, husband, wife, brother, sister, son, daughter, in-laws, grandparents, or registered domestic partners. Verification may be required.

4.9 Jury Duty: If an employee reports for jury duty, he/she may take the time off with pay and not take any monies from the court (not including mileage allowance or meal expense). Mileage allowances shall be kept by the employee under any circumstances. Shift workers summoned for jury duty shall be rescheduled to avoid serving on jury duty during the day and working at night on the same day.

4.10 Military Leave: Employees who are assigned to military duty are entitled to military leave in accordance with the provisions of applicable state laws (California Military and Veterans Code, Section 395 et seq.).

4.11 Pregnancy Disability: For the purposes of State Disability Insurance, Pregnancy Disability Leave is effective the first date the employee is disabled, e.g., if an employee's last day of work is 9/1, and the baby is delivered on 10/1, then the effective date of Pregnancy Disability Leave will be 9/1. The District will require verification from the employee's physician.

The combination of time off for approved Pregnancy Disability Leave and Family Medical Leave may not total more than seven months per occasion. This requires the approval of the Department Director.

4.12 Leave of Absence Without Pay: Employees may request a leave of absence without pay through his/her supervisor. A leave of absence without pay may be approved by the Department Director and the General Manager. Any request for a leave of absence without pay in excess of thirty (30) days may be made if there is a compelling reason and the employee's work unit will not be unduly affected by the employee's absence. During an extended leave, the employee's employment status and seniority will remain unchanged. Health plan insurance benefits will be continued for only medically-related leaves.

However, all other rights, privileges, and benefits of employment are suspended until the employee's return to active employment.

4.13 Court/Witness Appearances: All employees who need time off work to attend legal proceedings must give advance notice of the need for such time off.

- A. The District will compensate an employee as if the employee was at work for time spent attending legal proceedings under the following circumstances:
 - 1. Attendance at arbitrations held pursuant to this M.O.U.;
 - 2. Responding to a subpoena or notice of deposition except as noted below in Section 4.13.B;
 - 3. Attendance at a legal proceeding at the instruction of District management.
- B. The District will not compensate an employee as if the employee was at work for attending a legal proceeding under the following circumstances:
 - 1. If the employee is an expert witness;
 - 2. If the legal proceeding is against the District and the employee is a plaintiff in that action;
 - 3. If the employee participates in a legal proceeding and the proceeding does not involve the District.

Such employee must apply for vacation leave, earned overtime, or leave of absence without pay.

4.14 Family and Medical Leave: The District will comply with the provisions of the Family and Medical Leave Act and the California Family Rights Act. The District will require an employee to exhaust his/her sick leave prior to considering a leave of absence without pay for the purposes of family or medical leave.

4.15 Birthday Leave: Each employee covered by this agreement shall receive a paid leave day for their birthday. This day shall be taken during the same calendar month of, or the next calendar month after, the employee's birthday on a date mutually agreed upon by the

employee and the supervisor. If this day is not used during the month of or the month after the employee's birthday, it is lost. Under no circumstances will the employee receive any premium, holiday pay, or additional compensation for working on their birthday. Nothing involving the date selected or the method of selection shall be subject to the grievance provisions of the Memorandum of Understanding.

SECTION 5 – MEAL ALLOWANCE

5.1 Stand-By: Employees other than Operations personnel who are on paid stand-by and called in will receive a 60-minute paid meal break at/or after four (4) hours' overtime work, but not meal allowance.

5.2 Call-In Not On Stand-By: Those called in who are not on stand-by, other than Operations personnel, will receive a paid 60-minute meal break at/or after four (4) hours' overtime work. In addition, they will receive a \$18.00 meal allowance. Operations personnel will receive the meal allowance, but not the paid meal break.

5.3 Unscheduled Hold-Over: Employees other than Operations personnel who are held over on shift will receive a paid 60-minute meal period plus a \$18.00 meal allowance at/or after four (4) hours' overtime work. Operations personnel will receive the meal allowance, but not the paid meal break.

5.4 Scheduled Overtime: Employees who are on scheduled Overtime who are not hold-overs will receive neither a meal allowance nor a paid meal period. A minimum of twenty-four hours' notice to work overtime shall constitute scheduled overtime.

5.5 Common to All: All employees other than Operations personnel who work in excess of four (4) hours after completion of the first meal period will be entitled to a second meal period and payment of a meal allowance of \$18.00. Operations personnel will receive the meal allowance, but not the paid meal break. Meal periods and meal allowances will be paid only for overtime hours and will not be paid for scheduled working hours. The paid meal period includes cleanup time. Receipts will not be required for meal allowances.

SECTION 6 – TRAINING

6.1 Training and Development Policy: It is the goal of the Central Contra Costa Sanitary District to carry out its responsibilities with the

best possible balance of effectiveness and economy. This goal can best be accomplished by helping its employees develop the skills, knowledge, and understanding to perform essential tasks.

The development of the skills, knowledge, and understanding is the responsibility of each employee and will be supported by the District through a flexible program of employee training and development.

This program will include, but not be limited to, education tuition reimbursement, seminars, conferences, training sessions, and on-the-job training.

6.2 Education-Tuition Refund Policy: The District will reimburse employees (with the exception of those in a temporary status or on a L.O.A.) desiring to further their education for the purpose of improving their on-the-job-performance. Approval will be given for courses within the scope of the employee's employment field and District job responsibilities, and for training for higher positions within the job family. Class and study time must be outside of the employee's working hours, and the completion of the course must result in at least a C grade or its equivalent. The maximum tuition refund to an eligible employee shall not exceed \$2,000. An employee may elect to apply part of the tuition refund toward the purchase of course-required textbook(s), which will then be retained by the District at the completion of the course. Requests for the budgeting of education tuition refunds must be submitted to the employee's Department Director by March 15 of each year. The District will notify employees in February of each year of the March 15 deadline.

Article IV, Section 3. - Holidays

On July 20, 2023, Central San's Board of Directors voted to recognize Juneteenth as an officially observed District holiday. February 22, 2024

Central Contra Costa County Sanitary District (District) and AFSCME/Public Employees Union, Local #1 (Local 1) met and conferred on several occasions between August 2023 and January 2024 with the purpose of creating a Limited Duration Position Program (LDPP). The intent of this program is to create positions that augment regular District staff to accomplish work but only that of a limited and specific nature.

The following parameters were agreed upon by the District and the Union:

- Incumbents filling these positions will have the option to be Local 1 members as outlined in Article III, Section 1 – Union Membership and Dues Checkoff of the Memorandum of Understanding (MOU).
- The incumbents will receive all benefits outlined in Article IV – Benefit Provisions of the MOU with the exception of Section 1.4-Retiree Health and Welfare Benefits and Section 1.10-Registration Differential.
- The incumbents in these positions will receive the same merit increases as outlined in Article II, Section 1.1-Merit Increases, and general increases as outlined in Article II, Section 1.4-General Increases.
- The positions will have the same title as current District classifications with the designation of “Limited Duration”. The positions will be reflected in this manner of the District’s organizational chart.
- In the case of a layoff, these positions would be first in the order of layoffs.
- The District will articulate, in writing, the anticipated timeframe and scope of the work for every position to the bargaining unit.
- Once an incumbent has completed one limited duration position, they will be required to serve a 90-day cooling off period before they are eligible to be considered for another limited duration position.
- No position shall exceed a five-year term.

- The number of positions at any given time will be capped at no more than 5% of the District's full-time equivalent (FTE) count and no more than 10% of Local 1's membership count.
- Vacant permanent positions in the same classification as the requested limited duration position within a workgroup must be filled by a regular, permanent employee before the addition of a limited duration position will be approved.
- Incumbents in these positions may provide direction and assign work to employees if it relates to their area of responsibility. However, they will not be the supervisor of record for permanent staff and will not conduct performance evaluations or be responsible for any disciplinary action.
- Regular, permanent staff may compete for a limited duration position via the District's recruitment process. If offered the position, the employee shall return to their previously held regular, permanent position upon the completion of the limited duration position with the same terms and conditions. If a Local #1 represented employee fills a Local #1 designated limited duration position, all provisions of the Local #1 MOU shall apply and seniority shall remain intact.
- Except for those provisions specifically mentioned in this side letter, no other provisions of the MOU will apply to these positions or the incumbents filling these positions.

Selection

The Union may select up to four (4) District employees for Union Leave release time of up to eighty (80) hours per employee, per year, provided that such employee(s) are serving as bargaining unit elected or appointed representatives or officers and/or an elected or appointed role within an AFSCME/Local 1 affiliate. Compensation and Benefits

Employees on Union Leave shall suffer no loss of compensation, benefits, retirement fund contributions, or service credit, and shall be required to report Union Leave on their timesheet in an established employee relations account.

Reimbursement

Except by mutual agreement of the District and the Union for any specific event, the Union agrees to reimburse the District for the full amount of the affected employee’s compensation including all benefit costs for all the time the employee is on Union Leave.
