At age 65, the District will pay 50% of the retiree's chosen Core Plan premium, or the minimum employer contribution that CalPERS requires, whichever is greater. Eligible employees' qualified dependents (as defined by the plan provider) who were covered as dependents at the time of retirement also shall be covered by medical, vision and dental plans with the exception that the District will only pay for the full cost of an eligible dependent's medical, vision and dental plan premiums until the eligible dependent's 65th birthday. Kaiser Senior Advantage and United Healthcare. If a retiree selects any other plan that is offered by CalPERS that exceeds the cost of either of the Core Plans, the employee must pay, in addition to their share of the monthly premium, the difference in premiums between the highest cost Core Plan and the plan he or she selects. If the selected plan is less than either of the core plans, retirees shall not be reimbursed the difference.
