

ORDINANCE NO. 310

AN ORDINANCE OF THE CENTRAL CONTRA COSTA SANITARY DISTRICT
ADOPTING AN UNCODIFIED SCHEDULE OF
ENVIRONMENTAL AND DEVELOPMENT-RELATED FEES AND CHARGES
IN ACCORDANCE WITH DISTRICT CODE CHAPTER 6.30,
EFFECTIVE JULY 1, 2020

WHEREAS, the Board of Directors (Board) of the Central Contra Costa Sanitary District (Central San) finds that Central San incurs substantial costs to provide various environmental and development services, such as, but not limited to, administration and processing of annexations, customer assistance at the permit counter, plan review and inspection for sewer line installation, alteration, replacement and repair, the inclusion of new information on Central San's maps, administration and permit inspection related to the Source Control Program, permitting of septage and grease haulers, and treatment of grease and septage at the treatment plant; and

WHEREAS, the Board finds that it is necessary to charge customers and other users of Central San's services to recover the reasonable cost of providing said services; and

WHEREAS, Central San staff has comprehensively analyzed the actual cost of providing the various environmental and development services listed above based on direct costs, staff costs and overhead for time and effort incurred to provide listed services; and

WHEREAS, the Board finds that the Schedule of Environmental and Development-Related Fees and Charges, as reflected in Exhibit "A" to this Ordinance, reasonably represents the actual costs to provide the services delineated in said Schedule of Fees and Charges; and

WHEREAS, the Board finds that this action is categorically exempt from the California Environmental Quality Act (CEQA) pursuant to Section 15273 (a)(1) and (3) of the State CEQA Guidelines, in that the Fees and Charges are being charged merely to reimburse Central San for staff costs and expenses.

NOW, THEREFORE, the Board of Directors of Central San does hereby ordain as follows:

Section 1 (To be uncodedified)

The Schedule of Environmental and Development-Related Fees and Charges as set forth in full in Exhibit "A" to this Ordinance, which exhibit is hereby incorporated in full herein by this reference, is hereby adopted in uncodedified form pursuant to the provisions of District Code Chapter 6.30. As of the effective date of this Ordinance, the fees and charges for each environmental and development service shall be as set forth in said schedule, and shall remain in effect until amended or replaced by ordinance.

Section 2

All ordinances and parts of ordinances in conflict with the provisions of this Ordinance are repealed. The provisions of this Ordinance, insofar as they are substantially the same as existing provisions relating to the same subject matter shall be construed as restatements and continuations thereof and not as new enactments. To the extent this Ordinance or any portion or section of this Ordinance is determined invalid or unconstitutional, such portions of Ordinance No. 307 shall remain in effect and such Fees and Charges due thereunder for any categories of users shall remain due and payable as if those portions of Ordinance No. 307 have not been repealed.

With respect, however, to violations, rights accrued, liabilities accrued, or appeals taken, prior to the effective date of this Ordinance, under any chapter, ordinance, or part of an ordinance, such chapter, ordinance or part of an ordinance shall be deemed to remain in full force for the purpose of sustaining any proper suit, action, or other proceedings, with respect to any such violation, right, liability or appeal.

Section 3

This Ordinance shall be a general regulation of Central San and shall be published in the *Contra Costa Times* and *San Ramon Valley Times*, newspapers of general circulation, published and circulated within Central San and shall be effective as of July 1, 2020.

PASSED AND ADOPTED by the Board of Directors of Central San on the 4th day of June, 2020, by the following vote:

(B-5)	INSPECTION CHARGES FOR NEW CONNECTIONS (Informational Only) <i>The following fees have been in effect since July 1, 2014. This information is to clarify how fees are applied and charged for new connections. This procedure coincides with the 2014 Update to the CCCSD Standard Specifications.</i> Current procedure at the Permit Counter is to collect all connection and inspection fees for new construction when a structure's roof is on and the rough plumbing is installed ("Roof and Rough"). Under the new procedure, a developer can choose to: 1. Connect at Roof and Rough, or 2. Connect at building foundation following the procedures outlined in the 2014 Edition of the Standard Specifications. For either scenario, connection fees will be due and payable prior to permit issuance (consistent with CCCSD Standard Specifications Ed. 2014; Section 3-07 Payment of Fees and Charges.) The changes affect Category (B) Construction Inspection Section (B-2) and are shown below:	
	Residential Connections (up to and including four units) at Roof and Rough: This fee is for inspection of new residential units connecting to CCCSD's mainline after the structure's roof is on and the rough plumbing has been installed. This fee includes: one building connection inspection and one side sewer inspection (up to 100 feet). Additional inspections and related fees may be required.	\$520 per unit
	Residential Connections (up to and including four units) at building foundation: This fee is for inspection of new residential units connecting to CCCSD's mainline prior to structure being roofed and rough plumbing being installed. This fee includes: one building connection inspection, one side sewer inspection (up to 100 feet), and two additional inspections as required per CCCSD Standard Specifications. Additional inspections and related fees may be required.	\$1,040 per unit
	Commercial/Multiple Residential Connections (more than four units) at Roof and Rough: This fee is for inspection of new commercial or multiple residential units connecting to CCCSD's mainline after structure's roof is on and the rough plumbing has been installed. This fee includes: one building connection inspection and one side sewer inspection (up to 100 feet). Additional inspections and related fees may be required.	\$520 per unit
	Commercial/Multiple Residential Connections (more than four units) at building foundation: This fee is for inspection of new commercial or multiple residential units connecting to CCCSD's mainline prior to structure being roofed and rough plumbing being installed. This fee includes: one building connection inspection, one side sewer inspection (up to 100 feet), one pre-construction meeting, and two additional inspections as required per CCCSD Standard Specifications. Additional inspections and related fees may be required.	\$1,300 per unit
