Please take a few minutes to evaluate the effectiveness of the Pipe Protectors program. Your honest feedback will help us to improve the overall program and its impact on students.

Please circle the most appropriate answer.

1. The scheduling and pre-visit information that was provided helped prepare me and my students for the program.

Strongly disagree Somewhat disagree Neutral Agree Strongly agree

2. The presenter was effective.

Strongly disagree Somewhat disagree Neutral Agree Strongly agree

3. The materials and/or displays were effective in providing interest and motivation for the students.

Strongly disagree Somewhat disagree Neutral Agree Strongly agree

4. The program connected to and/or supported my curriculum.

Strongly disagree Somewhat disagree Neutral Agree Strongly agree

5. What is your overall rating for the SCOCO/Central San Pipe Protectors program?

Waste of time Ineffective So-so Positive Very effective

(OVER)

6. Would you be willing to participate in this program again? YES NO

If so, please provide preferred date(s) or an estimated date range for the 2019/20 school year

7. Are there other teachers at your school or in the district we should contact?

Most of our classes have been visited, thank you.

8. Please share any additional comments explaining any of your answers above, or giving suggestions for the program, including any pre -and-post-program activities.

The provided workbook activities and video were age-appropriate for first grade. My class enjoyed learning and demonstrated knowledge gained from the presentation. The presenter was calm and worked well with the students. Thank you!
